Luxury Hotel - 1 person per room		\$111,075

Notes:

We do not require students to buy additional liability insurance. However, we do recommend students consider doing so.

We do not require nor do we offer health insurance. It is not required in the USA under the new tax law.

Uniforms are not mandatory but they are strongly encouraged, especially after completing Private Pilot. The cost of the uniforms vary depending upon how many sets the students want and if they want flight jackets or not. Students typically spend between \$150 and \$200 on uniforms.

The cost for housing is significant and individual student's budgets vary. Some student stay in very expensive accommodations away from the airport and even purchase automobiles. Other's join together and rent houses while other stay in hotels within walking distance to the school.
